

Inducted into the Valley Forge Hall of Fame on Friday, September 15, 2006

Terry Wandt
Class of 1963

Terry was inducted for many reasons and that information will be published here soon. However, it was great fun to surprise him because he did not know we were inducting him until it happened!!

He has spent his whole life coming from the Parma School System and returning there to teach his entire career! All the kids love Coach Wandt!!

More to come!
